

Technology Opportunity Fund

Enable brilliance by providing the gift of technology

The Technology Opportunity Fund provides each KIPP Texas - Houston student access to technology and internet, which are necessary for them to learn while at home and upon returning to school during this unprecedented time.

OUR GOAL IS SIMPLE:

To ensure that access to technology and the internet is not a barrier to our KIPP students' learning.

THE PROBLEM:

- COVID-19 has dramatically impacted the way schools deliver instruction, requiring students to have access to technology and the internet at home.
- Over 7,000 of our KIPP students identified the need for a device and internet at home.
- For safety reasons, upon returning to school, each KIPP student will need their own device.

HOW YOU CAN HELP:

Please consider sponsoring KIPPsters' technology needs by making a monthly payment or a one-time donation.

By donating to the Technology Opportunity Fund, you will help bridge the digital divide for our KIPPsters while they learn at home and upon their return to school. Recognizing the undersupply of technology among students earlier this year, KIPP Texas secured a matching grant to promptly deploy devices and hotspots. Each KIPP Texas school is now charged with locally matching the funds at \$70 per device. Thank you for your support!

MONTHLY DIGITAL SPONSORSHIP	
Pledge of \$70 (\$10 a month*)	Buys Chromebook for 1 Student
Pledge of \$140 (\$20 a month*)	Buys Chromebooks for 2 Students
Pledge of \$280 (\$40 a month*)	Buys Chromebooks for 4 Students
