

High school seats available for the 2021-2022 school year

Is your child entering the ninth grade? It's not too late to join our family of academically excellent and joyful schools.

Why KIPP Texas high schools?

- Dedicated teachers and staff help students explore their interests
- Counseling through the college and career decision-making process
- Clubs, sports, and extracurricular activities keep students engaged

KIPP Texas high schools are designed to ensure our students explore the possibilities beyond high school in a safe environment. They build their intellectual expertise through rigorous coursework and Advanced Placement classes while feeding their thirst for learning and leadership through a broad range of educational experiences including civic engagement, hands-on exploration into fine arts and STEM, athletic competition, and so much more, resulting in students who graduate ready to choose their path toward college, career, and beyond.
